

Call to Action!

We are all implicated to keep the lessons of the Holocaust pertinent to today's world. For more info about the Vienna Project <www.theviennaproject.org>

Opportunities for Student Activism

The Vienna Project is expressly designed for student involvement. The call invites college and high school students, individual, groups of students, or a cohort of friends to have a first hand experience with Holocaust memory taking place in Vienna. Donations can take many forms: transfer of frequent flier miles, student volunteerism, t-shirt production, and more. Please look at the list below and contact me at <karen@theviennaproject.org> if you or a group of students would like to participate or solicit donations from a local vender. If you would like to *sponsor* a group of students, go to the website and follow the cues for US or EU donors at <<http://theviennaproject.org/donate/>>

- Airfare for 10 Austrian survivors, interested and physically able to join opening events, be interviewed by media, and be present at sidewalk sprays

About the Vienna Project

The Vienna Project will be the first public art, social action memorial of its kind in Europe to symbolically represent, in a differentiated format, the multiple groups of persecuted victims of National Socialism, and name individual victims and dissidents on record within a given country, murdered between 1938-1945. Forging a dynamic relationship between different disciplines: art, video, new technologies, typography, web design, street theater, sound art, history, archival research, and Holocaust education, The Vienna Project is envisioned as a "living" memorial based on a participatory model of engagement.

Thank you for your support.
